

## **Active Inclusion Newcastle (AIN) Spectrum of housing and homelessness advice**

The Active Inclusion Newcastle (AIN) approach seeks to make the best use of the limited face to face specialist advice services in Newcastle by helping other non-specialist services to prevent and respond to financial exclusion and the risk of homelessness. This means moving from signposting to proportionate responses in which all partners can play a role. To aid us in this process we have developed spectrums of advice for benefits and for money management (which covers both debt and budgeting advice). This spectrum of advice covers housing and homelessness advice. It describes three broad tiers or levels of housing advice and acts as a tool to help us to better understand where organisations fit into our provision in Newcastle and what support they need to do this. The information on the following pages:

- provides examples of staff and services that may fit under each tier
- describes the expected knowledge and role for each tier
- states what training, information and support is available to each tier

We think that the housing and homelessness advice provision in Newcastle can be divided into the following tiers. These are described in detail below.

Tier 1: General housing and homelessness information

Tier 2: General housing and homelessness advice

Tier 3: Specialist housing and homelessness advice

### **Tier 1: General housing and homelessness information**

#### **Who provides this:**

Frontline staff and volunteers who come into contact with people who have housing problems.

Examples: Customer Service Centre and library staff, receptionists, Housing Support Assistants (Cherry Tree View), frontline staff, care assistants, community organisations, community champions and volunteers, faith groups, Sure Start worker, health worker,

#### **Expected knowledge:**

- Know how to respond to or start conversations about housing problems
- Know the difference between a housing problem and a homelessness crisis
- Know that non-payment of rent or mortgage can lead to severe consequences, such as homelessness
- Know that getting the right advice early on can help to prevent a housing problem or homelessness crisis
- Know that housing advice can be provided online, by phone, or face to face
- Know who staff can contact for housing advice and guidance about individual cases
- Know where to signpost and / or refer residents for housing information or advice, depending on their circumstances, including the contacts for out of office hours enquiries
- Know where to refer someone who has nowhere safe to sleep that evening

**Expected role:**

- Be prepared to talk to residents about their housing situation to identify any housing or homelessness problems
- Signpost and / or refer residents for housing and homelessness advice
- Use consultancy telephone lines for staff to discuss individual cases and prevent imminent crises
- Some staff in this tier (e.g. trainee support workers) can also:
  - Help residents gather the information needed for tier 2 and 3 appointments
  - Accompany residents to their tier 2 and 3 appointments

**Training, information and support:**

- Internal arrangements (internal training, supervision, attending relevant meetings)
