How do I apply for a permit-

Notes of guidance

The following notes provide guidance relating to relevant sections of the application form and on what supporting documentation you need to submit with your application.

Please also note that applicants should give a minimum of 14 days notice in making applications for permits. Completed application forms should be returned by post to, Newcastle Parking Services, Parking Permit Unit, Po Box 2BL, NE99 2BL.

Failure to provide the necessary documentation or signing the application form will delay the processing of your application and the issue of permits.

Any documents submitted to support the application should be photocopies rather than originals. Newcastle Parking Services will not accept responsibility for original documents that have been submitted and been subsequently lost or damaged in the post.

Public Sector Parking Permits - these permits are issued to allow public sector staff on operational duties to visit customer houses that lie within permit zones to carry out important work to support the community. The permit provides exemption from restrictions when visiting properties within permit parking schemes only. The permit is not valid for use in off-street car parks or on-street pay-and-display bays, nor do they provide exemption on yellow line restrictions or in other bays restricted from general use, such as disabled bays, taxis bays, loading bays. If the organization has offices within a permit scheme, Business permits must be used for parking to attend work premises, as the Public Authority Permit gives exemption across all permit schemes and should only be used when visiting customers/clients in their home, to provide care and support.

The permit(s) must be kept by the business and handed out to any employees as and when needed.

There is no capped limit on how many permits of this type can be issued to an organization, but each application will be assessed to ensure that it meets the eligibility criteria.

Eligible organisations include:

- Primary Care Trust
- Certain Local Authority Vehicles
- City Council Agents (e.g. YHN)
- Care related organisations visiting customers in their homes (within permit schemes).

The application must be accompanied by proof of residency for the business together with an accompanying letter explaining why you require the use of a Public Authority Permit. Please see section 3 of the application form which details the documents which can be supplied to establish residency.
