

**NEWCASTLE CITY COUNCIL DEVELOPMENT OF A SINGLE PERMIT SCHEME  
IN ACCORDANCE WITH THE TRAFFIC MANAGEMENT PERMIT SCHEME  
(ENGLAND) REGULATIONS 2007 AS AMENDED BY THE TRAFFIC  
MANAGEMENT PERMIT SCHEME (ENGLAND) (AMENDED) REGULATIONS  
2015**

**THE CONSULTATION – YOUR CHANCE TO COMMENT**

Part 3 of the Traffic Management Act (TMA) 2004 introduced permit schemes as a new way in which activities in the public highway could be managed and to improve authorities' ability to minimise disruption from road and street works.

The Newcastle City Council permit scheme is prepared and designed to improve the management of works in the street undertaken by the highway authority and statutory undertakers.

It is an important aspect of duties and policies of the authority to manage activities in the street so as to minimise the impact of activities whilst allowing essential activities to take place.

The Newcastle City Council Permit Scheme intends to use incentives and discounts to encourage promoters to actively plan the methodology and scheduling of works with the future in mind which it is hoped will lead to

- Reduce both the number of street and highways works, and their duration through proactive management of activities on the highway to minimise disruption to the travelling public;
- Ensure accurate information is available to the public through improved quality and timeliness of information received from all works promoters;
- Encourage proactive and collaborative planning and working between all works promoters; and
- Ensure all works promoters are treated fairly and with parity.

The scheme will apply to all adopted roads throughout the city of Newcastle, the "specified area" for the purposes of the regulations. Motorways and trunk roads are not included in this scheme as they are and remain the responsibility of Highways (England).

Before the scheme can be introduced Newcastle City Council is seeking the views of those who will be affected to ensure it reflects the guidance and regulations as well as suiting the needs of the authority and those surrounding it.
