Outcome of Previous Commissioning Intentions

Due to the exceptional circumstances created by the outbreak of COVID-19, some consultation and engagement activity was halted in the period March 2020 to September 2020 to allow organisations to better respond to the needs of their own organisation and workforce. Where this has impacted on procurement timescales, the outcomes of procurement activity will be presented in forthcoming Commissioning Intentions documents. More information on the contracts awarded below can be found on the [NEPO Portal](#).
