Using this information

1. If the column is blank, the school does not teach children in that year group
2. A "no" means there are no spaces in the year group. It is full. A "yes" means there may be a place in the year group in the school.
3. There may only be one space available, or there could be several spaces in the year. This information is a guide only, it is possible that any vacancy may have been offered out before your application is received. These figures are not a guarantee that a place would be available in the school for your child.
4. If more people apply to a school than places available, all applications are ranked against the oversubscription criteria for the school regardless of the date received. The place would be offered to the child who ranked highest on the list. Read the school's admission policy to understand how places are allocated. These are published on the schools' webpages at www.newcastle.gov.uk/admissions
5. Schools may already have a waiting list for your child's year group, in which case your application will be added to the waiting list in line with the oversubscription criteria
