

Famous people with North East Connections

Local Studies Factsheet No. 2

Turn a new page

Newcastle Libraries

Newcastle
City Council 

- 
- This fact sheet includes people who were born, live (or lived) in the North East and those whose work reflects (or has reflected) life in the region.
 - It is impossible to provide a definitive list of personalities. This list attempts to include people prominent at this time or those frequently asked about in the local studies section.
 - The list is in 2 sections - deceased and current personalities.
 - Entries are arranged alphabetically by name, followed by occupation. Places and dates of birth have been included wherever possible.
 - For deceased personalities, dates and places of death are also listed along with memorials and/or locations of examples of their work. The location of memorials is Newcastle upon Tyne unless otherwise indicated.
 - Biographical details have been taken from a wide variety of sources. Every effort has been made to provide correct details but research has occasionally uncovered conflicting information.
-
